Read each problem.
Write the numbers and add.

Tomas has 6 books.
Ken has 2 books.
Nathan has 1 book.
How many books do they
have in all?

$$\begin{array}{r} 6 \\ 2 \\ + 1 \\ \hline \end{array}$$

Sarah has 3 red ribbons.
She has 1 blue ribbon.
She has 2 yellow ribbons.
How many ribbons does she
have in all?

Roberta has 3 toy trains.
She has 5 toy cars.
She has 2 toy boats.
How many toys does she
have in all?

Greg has 4 shells.
Malik has 6 shells.
Sean has 8 shells.
How many shells do they
have in all?

A two-digit number has **tens** and **ones**.

A one-digit number has **ones**.

Line up the numbers. Line up the ones. Line up the tens.

First add the ones. Then add the tens.

Add the ones. Write the answer under the ones column:

$$0 + 1 = 1.$$

Add the tens. Write the answer under the tens column:

$$1 + 0 = 1.$$

$$\text{So } 10 + 1 = 11.$$

Tens	Ones
