There are 60 minutes in an hour. The numbers on the clock are 5 minutes apart. The minute hand takes 5 minutes to move from one number to the next.

You can skip count to find the number of minutes.

Look at the clock above. The minute hand points to the 4. Start at the 12. Skip count by 5s. Say, “5, 10, 15, 20.” The clock shows 20 minutes past the hour. The hour hand is just past 4. So the time is 4:20.

Look at this clock. The hour hand is just past the 1.  
The minute hand points to the 1.  
This clock shows 5 minutes after 1.

Each number on the clock shows 5 minutes. Start at 12.  
Count by 5s.

There are three ways to say this time:

5 minutes after 1

5 minutes past 1

1:05
