

# FUN ACTIVITIES TO BOOST LETTER RECOGNITION

Letter recognition is an important pre-reading skill. Make learning letters fun with these easy hands-on activities.

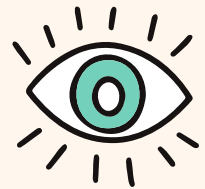

## Go On a Letter Hunt

Take children on a letter hunt while running errands. Look for each letter of the alphabet at the store, the post office, or even out on a neighborhood walk.

## Use Your Senses

Have your child write letters with her/his fingers in shaving cream (spread out on a cookie sheet) to practice learning how to form letters correctly.

## Pick a Letter of the Week

Select a letter each week and find songs, books, and activities that correspond to the letter that you choose.

## Create an Alphabet Box

Write or use magnetic letters and a basket filled with small objects starting with each letter of the alphabet (to go with the sounds for each consonant and short-vowel sound).
